Navigator

First Time Log-in

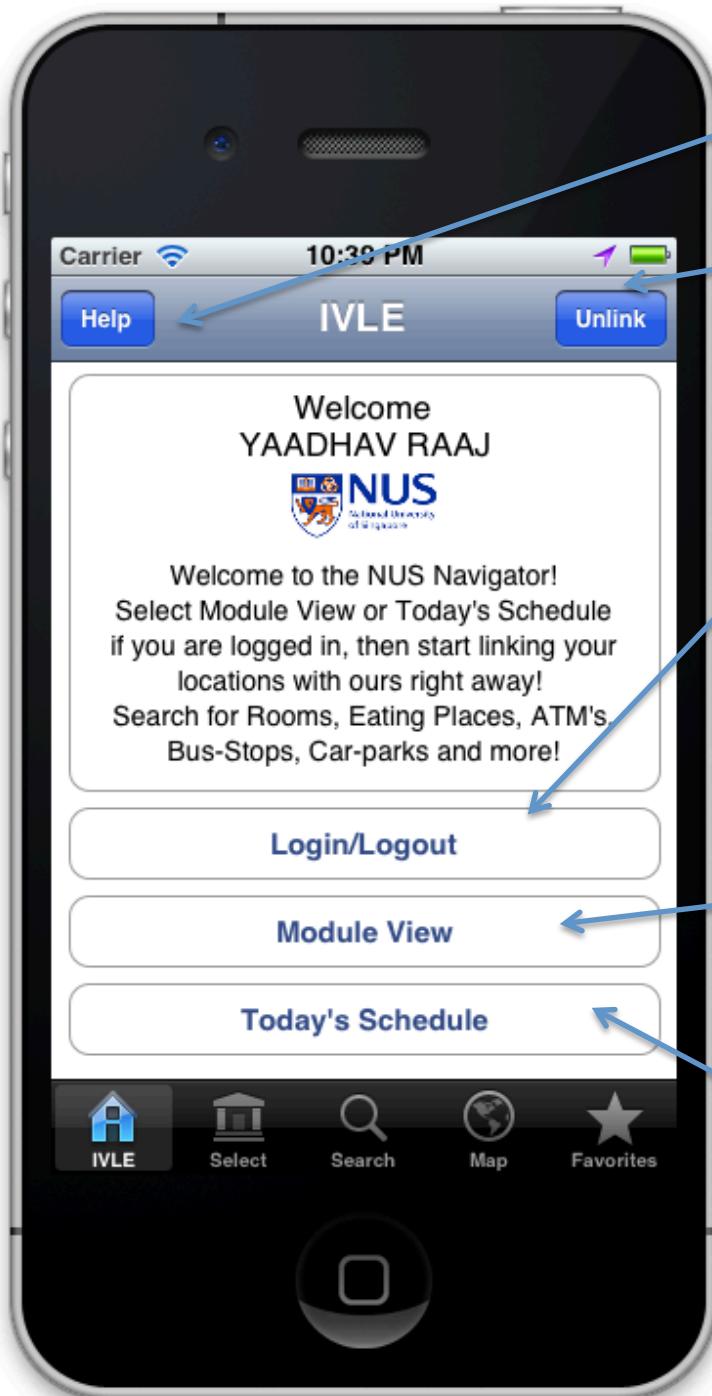

Enter your IVLE Log-in Information here, and select your type

You can now log-in or choose to dismiss the menu. This means you cannot access the IVLE related features of the NUS Navigator

You can choose to dismiss if you do not have an internet connection but many features will not be available and may cause some issues.

IVLE Integration

Tap here to read Help

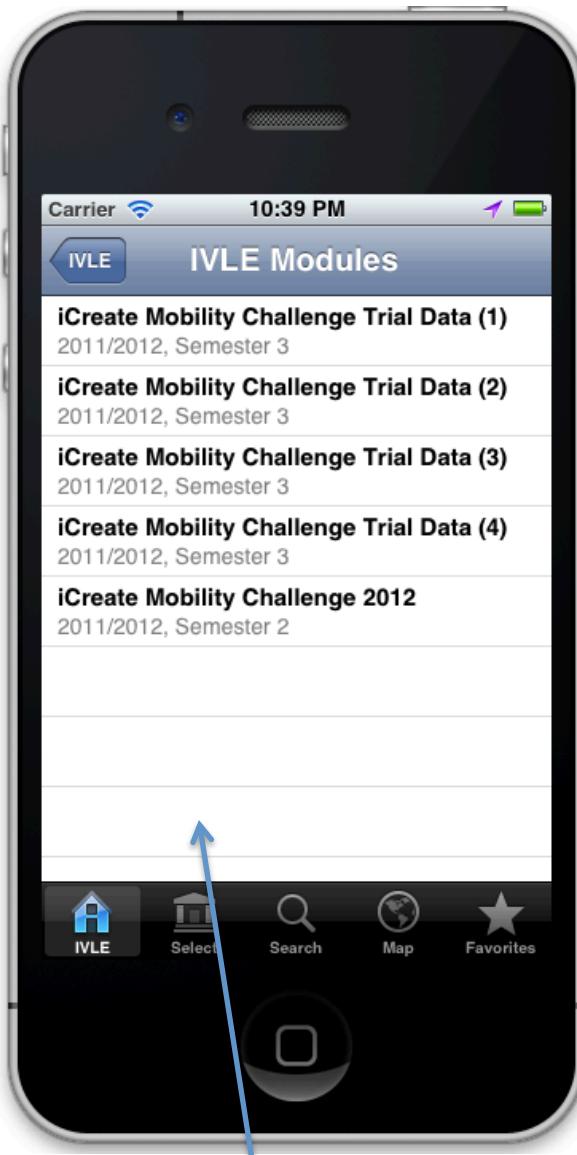

This unlinks all the current IVLE Data such as Timetable Info from the Map Locations.

You can Log-out and Log in via here. The App remembers your log-in info until you log-out

Click here to see your modules

Click here to see the lessons only for the day

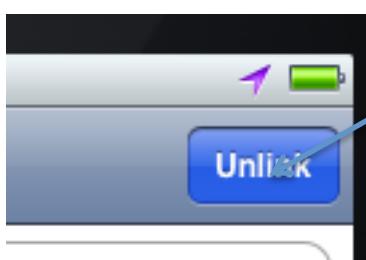

IVLE Integration

This is the Normal
Timetable View

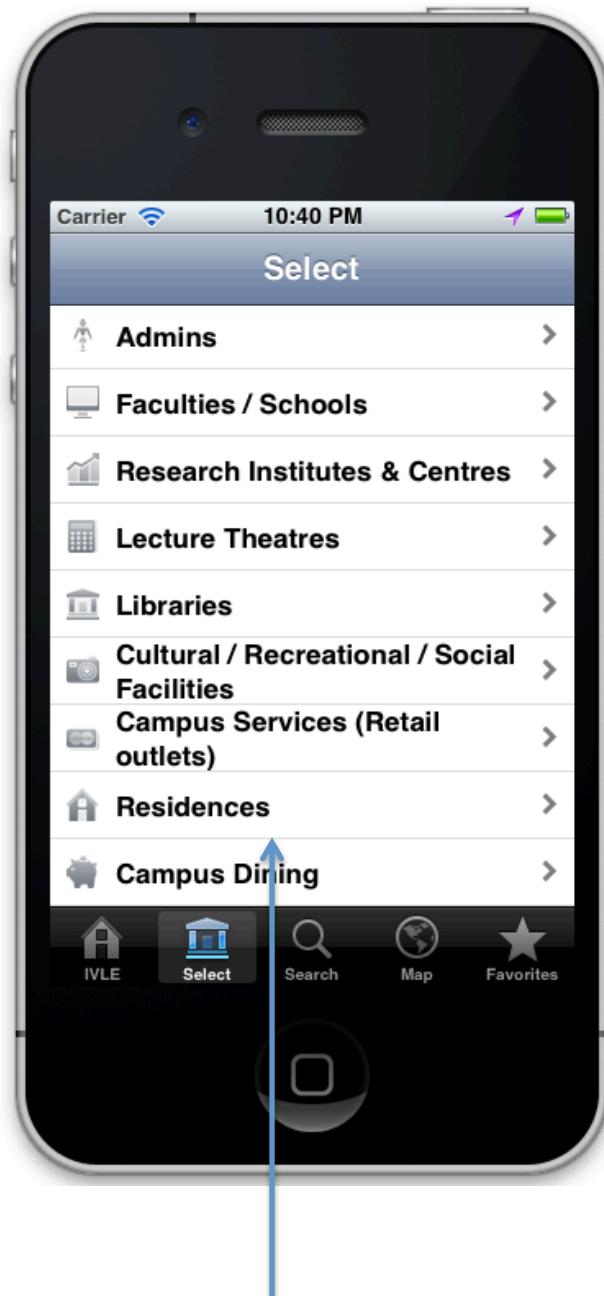

Just the Timetable
of the day, from Modules
to Timings. Tap to
view it on the Map

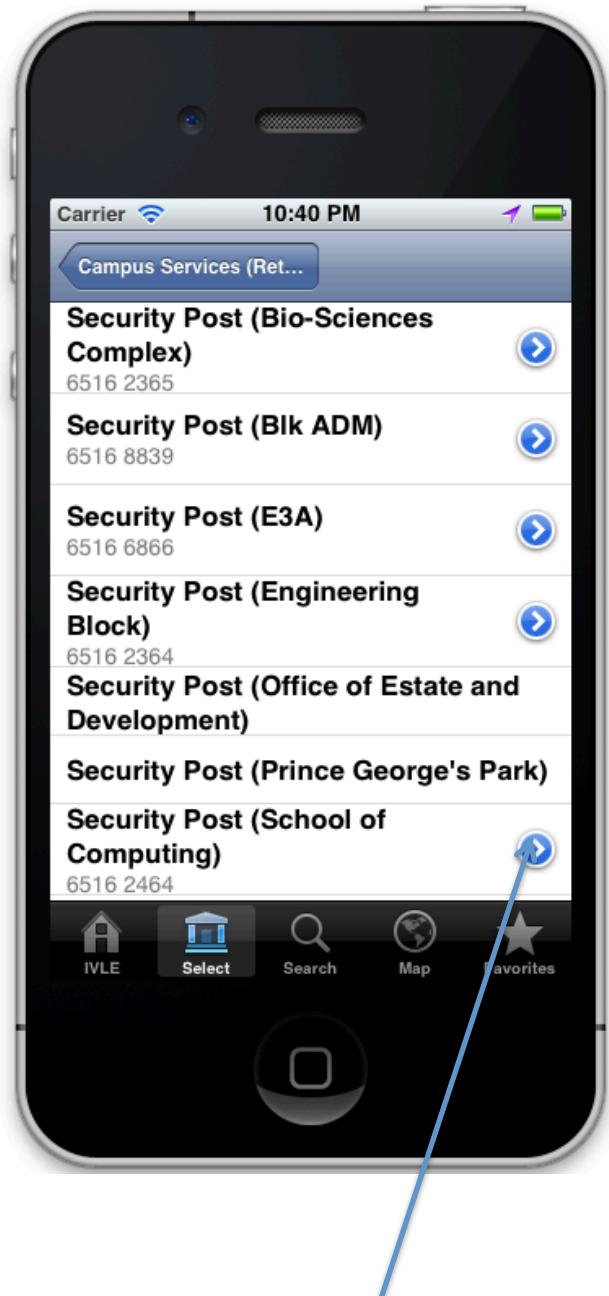

Click Unlink to clear all
information linked
with Map Points. If
you log-out, you
cannot see either

Tap the blue arrow to
link your IVLE
Information with the
Map Point

Select

Tap anything you like to drill down to a bigger menu. Most of the information is updated with the latest locations

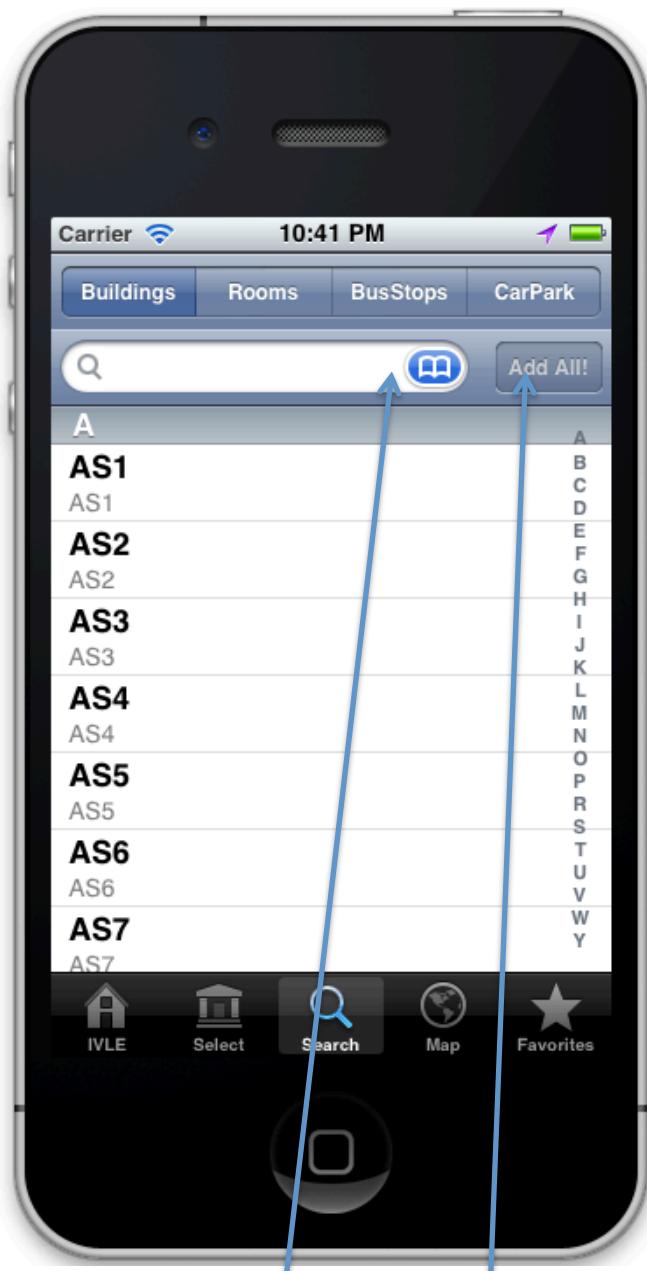

Tap the blue arrow to call the stated number of the location. Or tap it to view it on the Map

Search

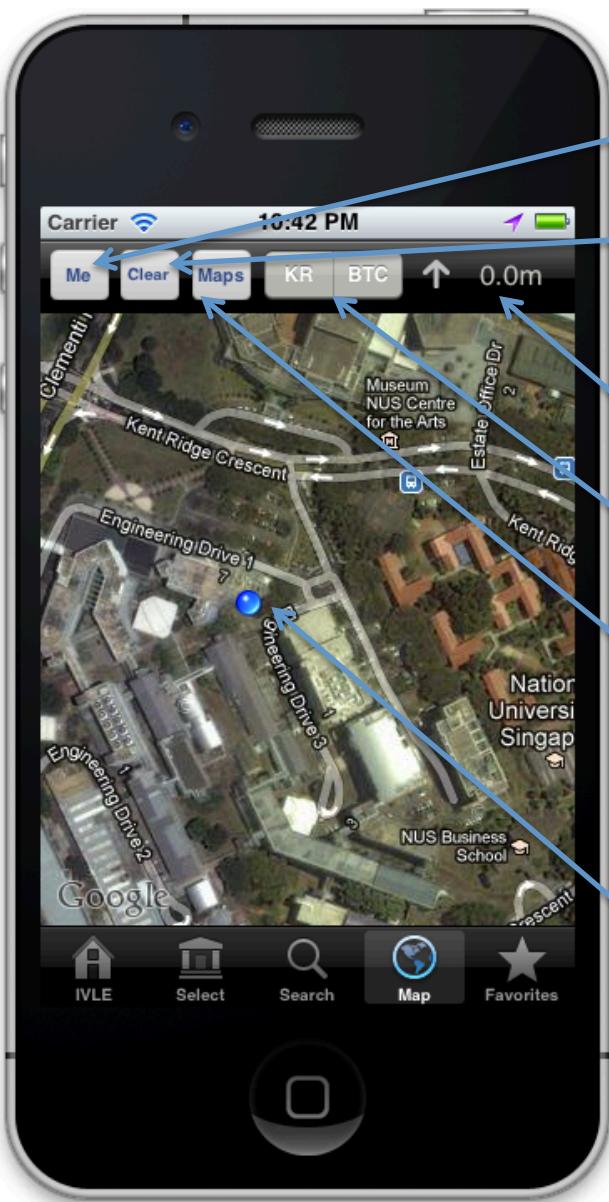

Dictionary Select allows you to choose from searches, such as displaying only buses of a certain type, then perhaps adding them to the map

Tap the Dictionary to see possible search options

Tap Add all to add all the searched locations

Map

Tap here to jump to your location

Tap here to clear all added locations

Current Distance from Point added and direction

Tap for NUS or BTC Map

Add the official NUS Map onto this Map

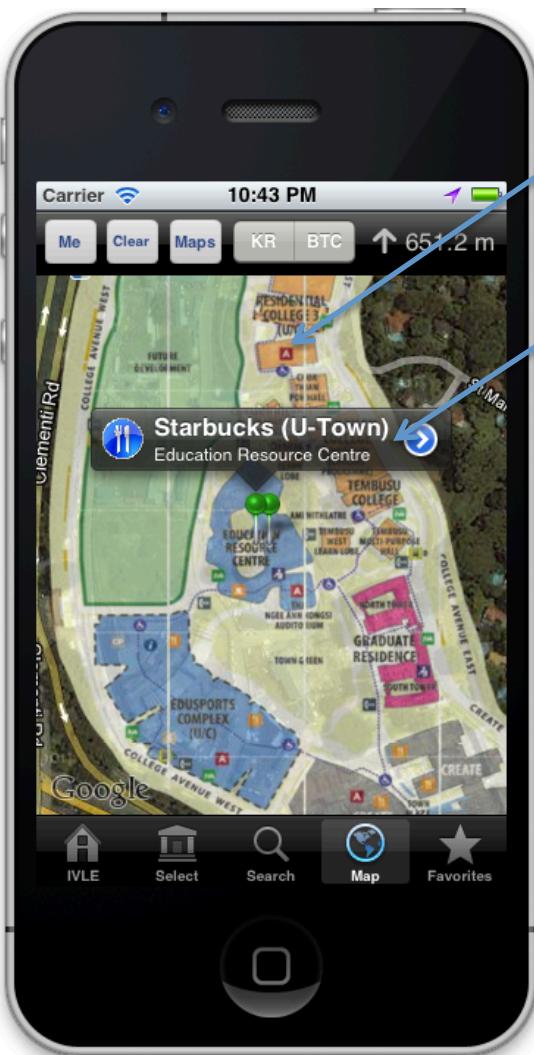

Tap to see Current Location options

Purple is for Carparks
Red is for Busstops
Green is for Other Locations

Map

**TAP TO HOLD TO BRING UP
A LOCATION**

Tap the Accessory View to see more Information

You can remove that specific point, see more information, add it to your favourites or find your way there with Routing

More Details

Tap Image to take a new image for your location. It is permanently saved until you hit remove

See more Information here. Tap to call here for example.

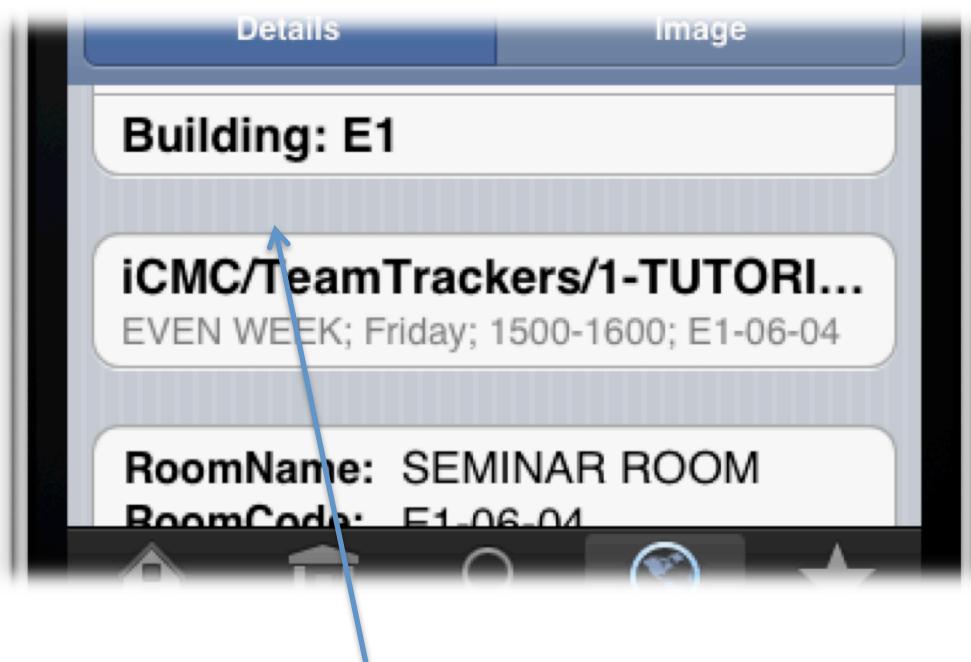

See More Bus Information from here such as timings. Tap to see the bus Route.

More Details

For Offices or certain buildings, tap the Room to bring it up onto the Map.

If linked, IVLE Info can be seen too

Routing

Tap for Routing Options. Normal Routing is Google Maps

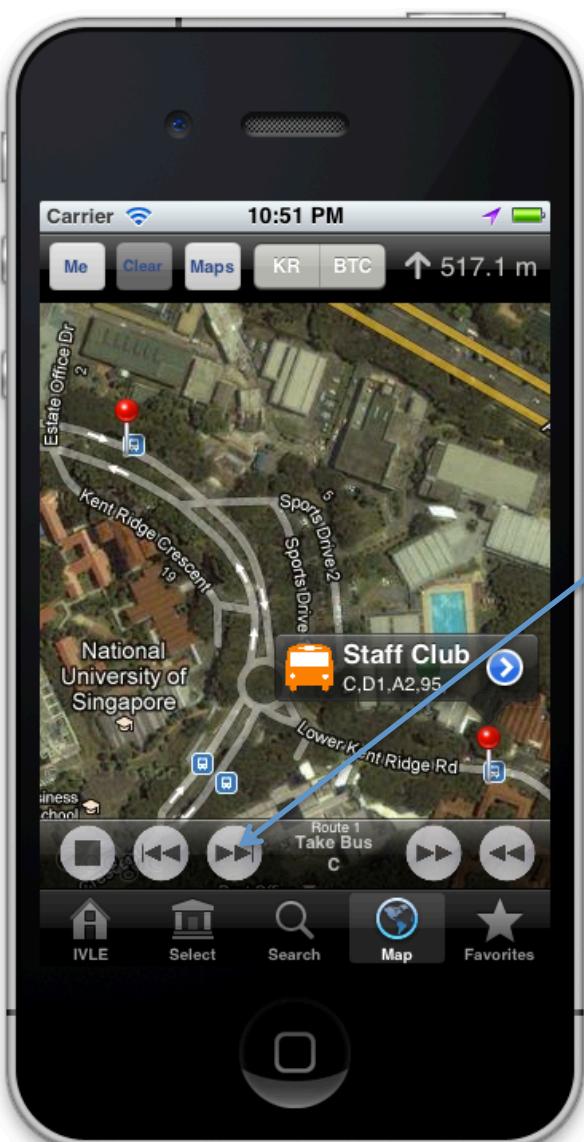

Tap if you want to Route from current Location or any selected Point. Select Point Below

(NUS BUS Router)

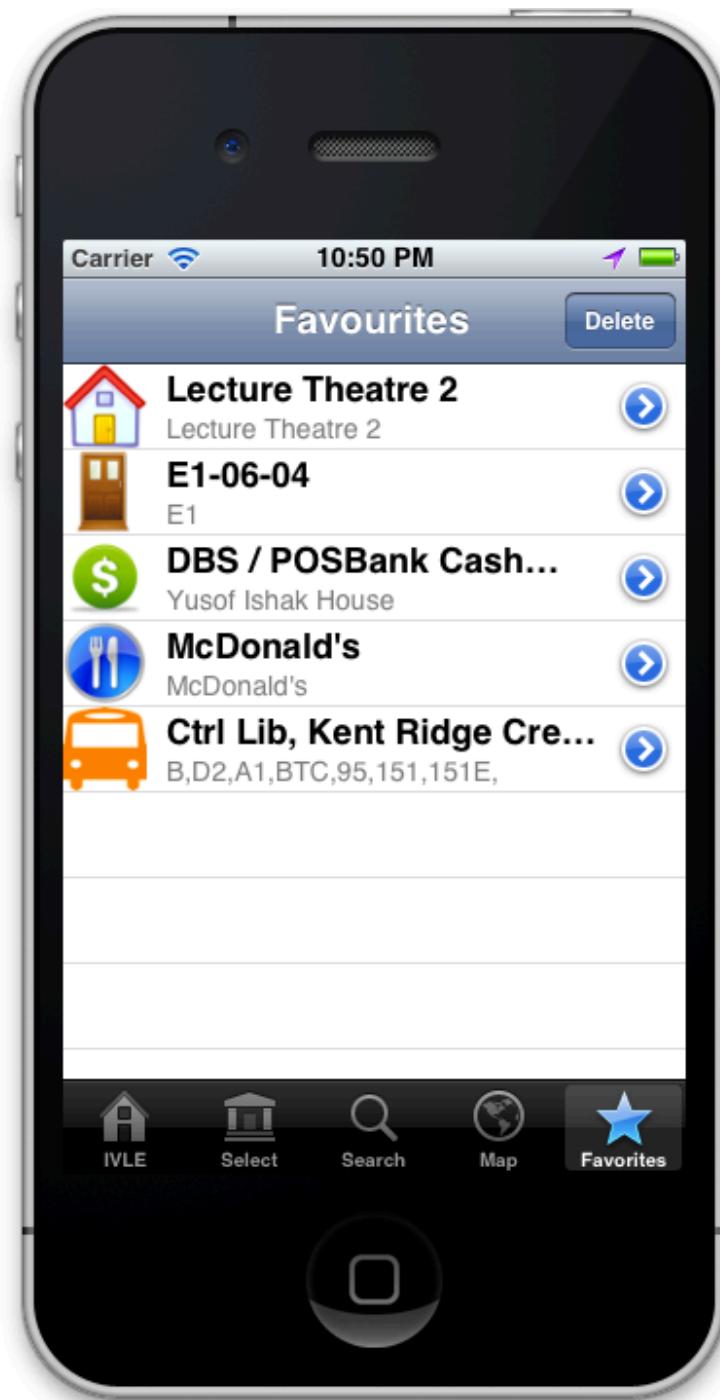

Tap Fast Forward and Step Backward to browse through routes. Best route is automatically selected.

Tap the forward backward buttons to step over to the next point. See Bus details

Press Stop to end Routing

Favourites

When Add to Favourites is hit, all items are permanently saved here till removed. Tap the blue arrow to see more info. Tap it normally to bring it onto Map.
